Background and Experience
<p><i>Please briefly present the partner organisation (e.g. its type, scope of work, areas of activity and if applicable, approximate number of paid/unpaid staff, learners). Max. 4000 characters</i></p> <p>Ege University is a 67-year-old state university that acts as a focal point for education, research, cultural and social activities in the city of Izmir and the Aegean region. Ege University's vision is to be an educational and research institution which has advanced organizational bonds with reputable national and international science and technology institutions and to be an equivalent educational institution, having a strong institutional culture and identity, a high degree organizational commitment, to the high ranked universities in the world. Ege University is a research based, student-oriented institution, training students up to Doctorate level. In total, 60,000 students are enrolled at Ege University and the number of the academic staff is approximately 3,000.</p> <p>Joint projects and active cooperation with regional universities, national organisations, regional and national stakeholders are carried out with a special emphasis on utilizing research results for the benefit of the society. It ranks among the top five Universities in Turkey with respect to its publications, patent disclosures and commercialization of results. Today it has a number of practices which are completely innovative and unique in Turkey, such as its industrial relations, approach to EU projects, special programmes for students, etc.</p> <p>It has numerous joint projects and active cooperation with regional universities, national organizations, regional and national stakeholders. Ege University has carried out many significant activities, not only in education and research, but also in the transfer of research results to the benefit of the society and in most of these it has been a pioneer. In all these activities, the goal of Ege University has been to create synergies through its strengths within the Research and Innovation ecosystem for a sustainable contribution to science and the society.</p> <p><b>PLEASE ADD YOUR DEPARTMENT'S OR UNIT'S BACKGROUND AND EXPERIENCES</b></p>
